

Professional Training Solutions Professional Development Policy

Introduction

The most significant resource in ensuring success for our Learners is the staff team. Professional development encompasses all the activities that staff undertake to raise their performance. This includes external courses, internal courses, opportunities for development work and new responsibilities.

Professional Training Solutions aspires to be at the forefront of new developments in our sector, embracing government reforms in the adult education sector, embedding technological advancements in delivery of our programmes, delivery of new qualifications that are being demanded by our employers, learners and stakeholders, as well as innovative blended learning delivery solutions, and the only way we can achieve our Vision is by ensuring we have the right staff that have the knowledge, sector expertise and experience, skills, behaviours and are able to perform to the high standards that we expect.

Staff will be required to participate in a system of formal transfer of learning to allow the transfer of personal knowledge to others, to feed current knowledge and understanding into existing and future projects, share best practice and feedback to others following any training and development that is undertaken.

Vision

Professional Training Solutions is working towards becoming one of the largest private and independent training providers in Surrey. Offering training that is in demand by employers and helps build confidence and quality of service for clients and learners. We want to be the provider of choice and centre of excellence for the delivery of childcare, health and social care, business and adult education qualifications.

We want to have a sustained market presence in London and the home counties within current and growing sectors.

PTS wants to be at the forefront of new developments embracing technology, changes, new qualifications, and delivery models.

Professional Training Solutions will be a sustainable business which maintains a reputation for quality and continues to grow.

It is our vision to have a highly trained and experienced workforce who are experts in their sector and can support, challenge, and stretch the knowledge, skills and behaviours of our learners and employers at every step of the learning journey.

Rationale

To be at the leading edge of training and development, as well as to retain and progress our staff within the business, we offer all staff (both employed, freelancers/associates and our subcontractors) training and development opportunities as part of our obligation to encourage career development.

Professional Training Solutions Professional Development Programme;

Version 1.3	Page 1 of 4	Revised October 2021, Revision date: October 2022
POL030 – Professional Development		Owner: HR and Quality Manager

1. Our programme will be developed and administered by HR and the Quality Manager and overseen by the Director of Operations.
2. The programme will extend to all staff at Professional Training Solutions, including freelancers and associates and also for our subcontractors and partners.
3. Professional Development at Professional Training is broken down into six aspects:
 - a. Induction into Professional Training Solutions.
 - b. Training for the job.
 - c. Internal Professional Development Sessions.
 - d. Improvement of Teaching and Training knowledge, skills and performance, including Peer Mentoring.
 - e. Continued vocational training and experience in the relevant sector.
 - f. Professional development for career progression.
 - g. Staff Meetings and Annual Company Day.
4. Professional Development needs will be identified through clearly definable outcomes through targets arising from:
 - a. Observations of Teaching and Learning
 - b. The Quality Improvement Plan
 - c. Personal Development Plan as part of our Performance Management Process.
 - d. Feedback from Learners and Employers.
 - e. The individual member of staff identifying a training need
5. Where possible professional development activities will be accredited.
6. The negotiated delegation of responsibilities represents an important opportunity for the professional development of staff.
7. Where appropriate professional development will be delivered internally and draw upon the expertise of the staff team.
8. Further education and higher education courses will be eligible for financial support for all staff and will be approved at Board level.
9. For external/accredited courses which have been a cost to PTS, all Staff/Freelancers/Associates are required to sign a Training Agreement that sets out the terms and conditions for paying for training, which stipulates on a sliding scale the cost of the training that will be required to be paid back in the event of the employee/freelancer/associate leaving within a certain period of time.
10. If a member of staff intends to leave, his/her resignation will render any professional development assigned to that individual to be cancelled or delegated to another member of staff. This is to ensure that the benefits gained from such training are embedded within the relevant areas of the company.
11. Professional Training Solutions wishes to support all staff including Freelancers/Associates. Freelance/Associate staff can apply for financial support for further education and higher education courses, and on a case-by-case basis the Board will approve a contribution of up to 50% of the fees dependent on the impact it will have on their delivery and the caseloads that they have.

Professional Development – Staff Responsibilities:

All Staff are responsible for:

1. It is the responsibility of all staff to plan and manage their own career development using the PTS CPD record provided to them. [CPD Log PTS - Year 2021-2022.docx](#) ([sharepoint.com](#))
2. The Performance Management process provides staff with an opportunity to discuss their career development and identify areas that they wish to be professionally developed in.
